Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

A M E N D M E N T

This amendment is in response to the Office Action dated August 23, 1995. In this amendment the single-sided copy of the application including the specification and claims submitted to the Patent Office on January 4, 1994 has been utilized for this amendment, having in mind also the amendment submitted July 18, 1994 in response to the Notice to File Missing Parts and wherein the sequence identification numbers of the claimed peptides have been added by amendment.

In a sincere effort to place this application in condition for allowance, it is respectfully requested that this amendment be entered and the claims amended as follows.
